Flora

Flora seamlessly blends the enduring qualities of cast iron with intricate organic motifs, delicately entwined in a scroll-like pattern. Its graceful lines and ornate feet exude elegance, making Flora the perfect centrepiece for traditional interiors, refurbished properties and even new builds.

A joining tool is required for on-site assembly for longer lengths than the factory maximum number of sections.

Joining key

Model / Code	ZXTOOL-02	
Flora joining key	£165.00 ex VAT	£198.00 inc VAT

We will always strive to keep on-site assembly to a minimum, but for radiators larger than the maximum factory assembled size (see charts above) on-site assembly will be required.

Full instructions and parts will be supplied, although a joining key tool will need to be purchased separately on a sale/return basis.

To calculate the length of the radiator, multiply the number of sections by the section width (see table above), then add 26mm for reducing bushes.

Please note there is a +/- 2mm manufacturers tolerance per section. We strongly recommend not setting pipework until the radiator has been delivered.

Shown here in Antique Gold finish with Chartwell angled TRV brass valves and traditional brass pipe sleeves
