

Play Overview

Play Technical

A lightweight, sleek radiator made from recycled aluminium with contemporary curved edges. The slim design is perfect for a range of room and wall sizes, including hallways and kitchens. It also has low water content, high outputs and impressive thermal efficiency.

Features

- Material - 100% recycled/recyclable aluminium
- Finish - RAL 9010 Warm White
Other colours available on request.
- Height - 1800mm
- Widths - 250-590mm
- Outputs - 734-1714 watts
- Maximum Working Pressure - 10 bar (13 bar test)
- Warranty - 5 years

Performance data

Sections	Width (mm)	Output (watts Δt 50°C)	Output (watts Δt 30°C)	Weight (kg)	Water content (litres)
3	250	734	378	7.98	1.56
4	335	979	504	10.64	2.08
5	420	1224	630	13.30	2.60
6	560	1469	757	15.96	3.12
7	590	1714	883	18.62	3.64

For other operating temperatures, refer to page page 131.
